We refer to the attached video.

Your insured instead of keeping to the right to make a left turn from the 2nd lane.

He had directed and immediate cut into our client's lane (1st lane) .

It was too late for your insured to swerve towards the left during and that moment of time when your client's had noticed our client's lorry from the 1st lane.

Your insured car had hit against our client's lorry.

We would appreciate it if you could review this case more objectively and let us hear from you urgently.

Thank.

Best Regards,
