Brief Details.

I am taxi driver, and I have been working as a taxi driver for the past 38 years.

On 21/09/2018, at around 2308hrs, I picked up a family of passengers (Parents with one kid) from Goodwood Park Hotel. Their intended destination was Changi Airport. After picking up the passengers, I drove along Scotts Road, then Stevens Road, Whitley Road and got into PIE Changi Airport.

At around 2318hrs, I entered PIE Changi Airport. While travelling in the slip road, entering into PIE, I was travelling along 50-60km/h. As I entered into the expressway, I kept to the most left lane of the expressway. I then turned on my indicator lights, as I intended to change lane from the most left lane of the expressway, to the third lane of the expressway.

Before making a lane change, suddenly, a motorcycle, came from the right side of Lane 3, and collided onto my right rear view mirror. He subsequently fell off from his motorcycle. I immediately applied my brakes, and stop to assist him. As I approached him, I noticed abrasions on his hands. I spoke to him, and he responded to me and requested me to make a phone call. Without fail, I called the police and SCDF for assistance. While waiting for assistance to arrived, I asked the rider whether he was fine. The rider gestured to me that he was fine.

When the ambulance arrived, the ambulance conveyed the rider to hospital.

I wish to state that my taxi has a front in-car camera installed and the traffic police officer has taken the SD card. In addition, I wish to state that I had passengers with me, and that my passengers witness the incident.
