Dear Mr The,

The accident was happened on 04/01/2019(Friday night). The taxi driver had sent in the taxi to workshop on 05/01/2019(Saturday) and pending for claim documentation procedure, ie: lodge the accident report, arrange for survey with AXA insurance on Monday and surveyor had conducted the survey on 08/01/2019.

We attached here with the damaged photographs of SHC 3394H during our inspection for your perusal. Surveyor had reviewed the matter and based on all the available information on hand, we are of the view that the damages to third party taxi is consistent to the accident. As such, we shall proceed to negotiate for an amicable settlement of the third party claim at best to avoid further litigation, which would escalate to even more cost.

If you insisted that we should not offer settlement to the third party, kindly let us know within the next 14days i.e. by **26/06/2019** and we will seek further instruction from AXA.

Thank you.

Dear Mr Chew Hsiao Tong,

To enable you to see the real impact on the taxi, you can see the attached photo that I took from the video which is installed in our car, there was no damage at all. The taxi driver was not aware that inside our car we installed a camera and our car was behind him. The taxi driver was well and perfectly functional. Due to the large size of the file, I cannot upload the video but I have given the video to AXA.

Dear Mr Chew Hsiao Tong,

Some more point to address:

1. The incident happened on 4th January, when did you inspect their car? It should be immediate, I believe, as I did on the next day.
2. Please see the attached photo of the bumper of the car, there was no damage on both cars.

Dear Mr Chew Hsiao Tong,

Thanks for your letter of 27 February 2019. It is my decision to leave this case to AXA Insurance to handle as they are my insurer, I do not want to handle myself.

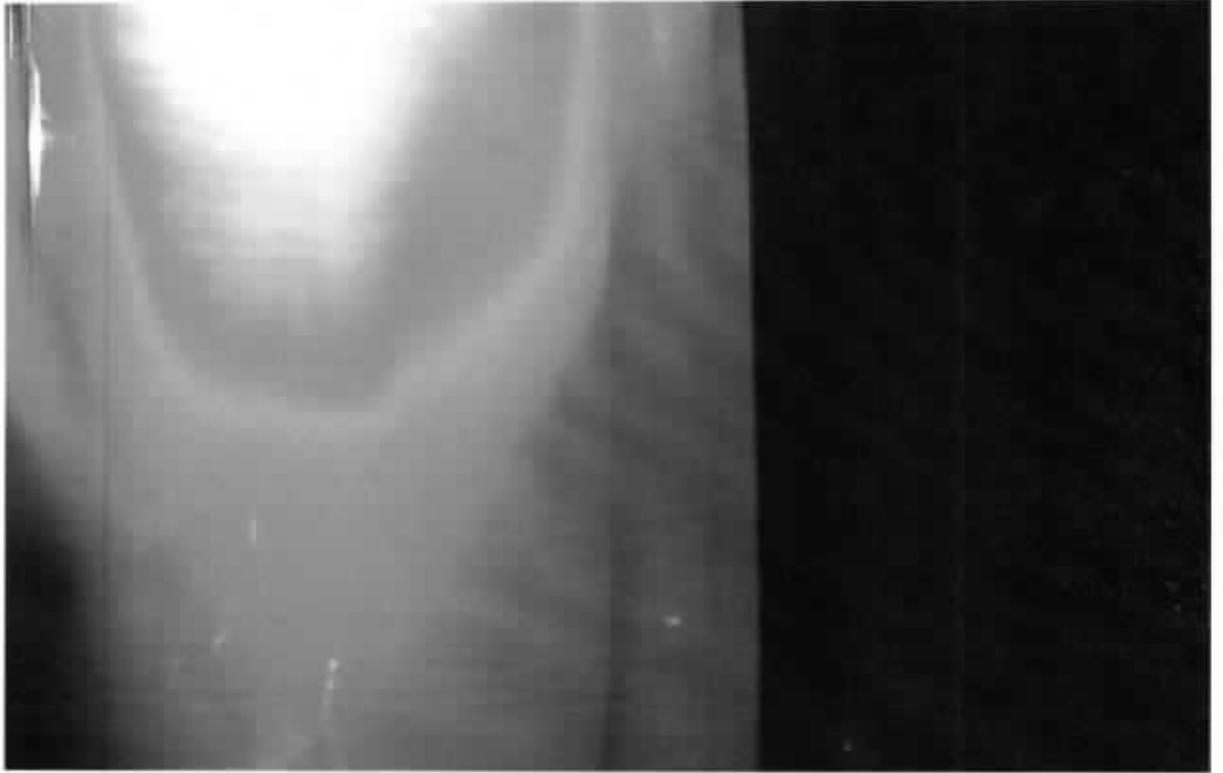

However, I need to explain so you can hear both sides.

I have explained this to AXA, you need to know that:

1. Yes, the incident was head-to-rear collision, but the impact is very minor. Using scale 1-10 for the collision, the scale was less than 1.
2. No damage on both sides as I have shared the videos and photos with AXA. You can contact AXA to view the videos and photos.
3. The taxi, as normal, had old some minor scratches on the bumper but not caused by our car.
4. The taxi driver was very well, fully functional, and even can drove back perfectly. He did not aware that our car was behind him and fortunately we also recorded the video, the bumper looked no damage at all.

Best regards
