Brief Details.

On 29/12/2018 at about 2250hrs, I was driving a vehicle bearing vehicle number SLZ8735D, a blue AUDI A4 along Sims Ave towards Sims Way (KPE PIE). I was driving on the second lane (the right turning lane into Sims Way) and was approaching the traffic junction along the said road. As the traffic light was green in my favour, I continued to drive on when suddenly a foreign vehicle bearing vehicle number JSP3335 drove into my lane from my front right.

I wish to state that the mentioned vehicle had drove into my lane from the chevrons marking on my right front. I then could not stop in time and collided onto the said vehicle. After the collision, I turned on my vehicle's hazard light and high beamed at the said vehicle to ask him to stop by the road side. We then stopped our vehicle along Sims Way (not far from the accident location). After which, we alighted from the vehicle and checked whether was anyone injured. At that point of time, no one was injured. I then called for the police. We also made a check on our own vehicle and I observed that as a result of the accident, my vehicle suffered dents and scratches on the front right portion.

About 15minutes later, the traffic police arrived at scene and took down our particulars. The traffic police also seized the memory card from my vehicle's dash cam and issued me an acknowledgement slip. I was then informed to lodge a traffic accident report.

That is all
