**Brief Details.**

On the 07/01/2019 at about 1730hrs, I exited PIE towards the filter lane to Jalan Eunos while waiting for the traffic to clear out of the sudden I was hit from the back by one citycab (SHB3593E). After the impact, both of us got off and made a check on one another, I did not notice any visible injuries on the taxi driver except for some redness on the taxi driver's left forearm.

I then asked the taxi driver for his particulars but he refuse and told me to head on to do a police report straight as such I did not have any sort of particulars of the taxi driver. After checking that the driver was ok, I went on with my ways.

I would like to state that after the incident I experience some strain on my neck and I intent to seek medical attention in regards to this incident.
