Brief Details.

On 6th January 2019 at about 7.20pm, I was driving my car (SMH428D) on Kranji Way, a 2-way road, towards Kraji Loop before the Kranji Dam bridge when I observed a heavy Tipper Truck (XD6767B) which was travelling on the opposite direction of the 2-way road suddenly cut into our lane about 5 meters in front of us and mounted the curb on our left. Due to this, I slowed my car to about 20km/h and attempted to avoid the collision with the truck by evading to the right. However, the said truck came right for us and hit the left -front door of my car and dragged our car into the opposite lane causing it to mount the curb on the right. The truck reversed and moved forward to hit the left-rear door of my car again before fleeing the accident scene without stopping. My car sustained total damage where its front and left side was seriously smashed, and the engine and all four tires were totally damaged. The windscreen and left front and rear windows of my car were smashed and the entire front bumper fell off. They are about 20 to 30 Bangladesh foreign workers at the area who witnessed this accident. Two of them (Sarker: 86536087 and Shahin: 84176280) took photographs of the entire accident scene and the truck fleeing. There was a car (Florence: 84997609) behind the said lorry installed with a Dashboard Camera which recorded the footages of the entire accident. The photographs and video recordings were obtained from the both of them. An ambulance arrived about 20 minutes later while another arrived soon after. The ambulances attended to the injuries sustained by myself and 4 passengers in the car before the 4 us were conveyed to Khoo Teck Puat Hospital for medical treatment. My son, Cleff, who was one of my passengers sustained the least injury stayed behind to wait for the Traffic Police to arrive. The skid marks on the road created by the truck and my car were obtained by us and the Traffic Police as well. I would like to mention that a blue Comfort taxi (SHC8719Y) behind us might have captured the video footages of the entire accident with its Dashboard Camera but did not stop to assist us. The photographs and 3 Dashboard Camera footages were given to the Traffic Police as well. There were cameras by the side of the road which might have recorded the footages of the said truck, our car and the accident.
