Brief Details.

On the above mentioned date and time, I was driving my vehicle SDS3338J along Lavender Street heading towards Jalan Besar. the traffic was heavy at the point of time and I was driving along lane 1. All the vehicles on lane 2 and 3 were stationary while the vehicles on lane 1 were moving. Suddenly, one vehicle SLU2711R cut into the front of my vehicle, into my lane and collided onto my vehicle's front left bumper in the process. The driver of SLU2711R had also collided onto another vehicle's (SV31U) right rear bumper which was along lane 2, in front of SLU2711R at the point of time.

I alighted from my vehicle and noted that my left front signal light, bumper and left passenger doors were damaged. After taking some photographs of the accident scene and exchanging contact details, the driver of SV31U left prior to police arrival as her vehicle was still able to move. The driver of SLU2711R also claimed that he wanted to merge onto my lane, lane 1 and had turned on his right signal before merging. I did not notice his vehicle signal however when I saw his vehicle suddenly merging into my lane, I quickly stepped on my brakes, sounded my horn to warn him and tried swerving my vehicle towards the right to avoid the collision.

Police came to scene and towing crew was activated to tow SLU2711R as his vehicle was unable to move. I am lodging the report as advised by the police officer at scene. I have a witness for the accident and his details are as listed below. The witness had approached me after the accident and informed that he saw the entire incident from the back of my vehicle.

Brief Details.

On the above mentioned date and time, I was driving my vehicle SDS3338J along Lavender Street heading towards Jalan Besar. the traffic was heavy at the point of time and I was driving along lane 1. All the vehicles on lane 2 and 3 were stationary while the vehicles on lane 1 were moving. Suddenly, one vehicle SLU2711R cut into the front of my vehicle, into my lane and collided onto my vehicle's front left bumper in the process. The driver of SLU2711R had also collided onto another vehicle's (SV31U) right rear bumper which was along lane 2, in front of SLU2711R at the point of time.

I alighted from my vehicle and noted that my left front signal light, bumper and left passenger doors were damaged. After taking some photographs of the accident scene and exchanging contact details, the driver of SV31U left prior to police arrival as her vehicle was still able to move. The driver of SLU2711R also claimed that he wanted to merge onto my lane, lane 1 and had turned on his right signal before merging. I did not notice his vehicle signal however when I saw his vehicle suddenly merging into my lane, I quickly stepped on my brakes, sounded my horn to warn him and tried swerving my vehicle towards the right to avoid the collision.

Police came to scene and towing crew was activated to tow SLU2711R as his vehicle was unable to move. I am lodging the report as advised by the police officer at scene. I have a witness for the accident and his details are as listed below. The witness had approached me after the accident and informed that he saw the entire incident from the back of my vehicle.
