Sketch Plan

This report is regarding a minor collision with Taxi SHC4280X at Carpark in front of Blk 411 Bukit Batok West Ave 4 565041, near entrance of the carpark.

Our car was parking and adjusting at that point of time. There was a van parked next to our lot hence my hubby was driving very slowly out from the parking lot and suddenly the taxi appeared. It was in quite fast speed that there was a scratch stretched almost 1 meter long until the taxi finally came to a stop. Our car cam had videoed the whole incident.

As our car was in slow and almost stationary stage hence only affected the front right corner bumper, but the taxi was in fast moving speed hence the scratches were on the right side of the doors.

Very likely that this was near to the carpark entrance the can be slightly faster and drive David Seow mentioned that he was going to pick a taxi booking.

As both cars only having some scratches hence the taxi driver reported to his company and proceeded with his taxi booking. And we will proceed with our own repair. No other agreement made. And no claim needed from Insurance company. This report meant for record purpose only.
