Item:	Car accident between SKX 6979E & SKU 5763H on 15/02/19 about 11.25am
Location:	Basement car par at 38 Dover Rise Singapore 138684
Action:	Reported to Police cause other driver was raising and shouting at me to admit that I was speeding, calling me names that I am a stubborn woman and won't admit I was speeding when I kept explaining that it is impossible for me to speed as there are so may 90° tuning corners to get to the exit of the basement car park. Where I stopped my car (as per pic) to look at the damage, then I proceeded to third party car and third party driver kept voicing that his car is more damage than mine. To note that where vehicle No: SKX 6979 was parked as per in the photos was not there when I was at the driveway. When I felt a shake I was shocked and when I look back at my rear window I saw third party car driving out to where he was parked in the photos
Status	Reported to IDAC (claims office for Income Insurance) they told me I can claim third party claim since SKX 6979 hit my car.

	
SKU 5763 H was hit near the petrol tank and the wheels with scatched marks. Taken immediately after the hit accident.	The marked areas where driver of SKX6979 claimed I hit his car as I was speeding.

Driver of Vehicle claimed he was parked marked X. Beside the parking lot there is a motor cycle lot No. 8. Only is to reverse his car to the T-point driveway to be out of the main driveway. If he reverse slightly and shortcut to cut across the motor-cycle parking lot, he is looking for trouble as beside there is a pillar that blocks his view to see on-coming car and on-coming car cannot see him.	Pic taken after incident to verify where he was originally parked as he claimed. From the flow if vehicle is parked in the marked X lot, the vehicle has to reverse to get out of the car park lot, then follow the marked arrow then do a left turn to the driveway. The pillar is as arrow marked.
	Position of both vehicles when police arrive. SKU 5763H (MY VEHICLE) was in the same position as I was driving on the main driveway to exit SKX 6979E came out of his parking lot to the main driveway either via the motor cycle lot or the proper T-junction side driveway as per above pic. This when he kept shouting at me to drive my car away so I won't block other vehicles from exit. I refused that since I have called the police and since police was on the way I want to let the police witness the position of my car. He then shouted at one "you bloody stubborn woman."
