**Brief Details.**

On 16/02/2019 at about 1435hrs, I was driving my Malaysia vehicle, one white Perodua Alza, JSW5344 at the third lane of four lane road along PIE expressway towards Changi beside Exit 8b signboard. Subsequently, I felt an impact from the next lane and when I look at my right wing mirror, I realized that a grey Toyota van, GZ1797H had collided onto my rear right portion. After which, I alighted from the vehicle to inspect the damages. Upon checking, I realized that my rear right portion was crumpled in and it had pierced through my rear right tyre resulting it to be punctured. Subsequently, I called for my own towing services however the towing driver advised me to wait for the traffic police as LTA had instructed him not to tow. After which, the traffic police arrived and I proceed to lodge a police report at the nearest police station. Nobody is injured and there is no memory card in my in-car camera. So far, I do not have any witness. The driver admitted that he falls asleep when the incident happens.
