Dear Gerald,

We refer to your below email.

Based on all available information and evidence provided, we are of the view that our Insured Driver's version is more probable.

The scene photos as provided by the Insured Driver shows that the TP vehicle was in between lane which suggest that TP vehicle was not travelling along the middle as reported by its driver.

We were also informed by TP repairer that they do not have any evidence available.

In view of the above, we opine that our Insured Driver may not be liable of this accident, unless proven otherwise.

Thank you.

Best Regards,
