To whom this may concern,

On Sat 9th of Feb I was on my way to pick up some wine at a friend's place who lives in 189 Greenwood Avenue. I took a "Mercedes taxi" (number plate SHB6352P) just after 2pm from the Shangri La on my way there. As we entered the premises carpark the taxi I was in collided with "another vehicle" (number plate SLV9735X) getting out of the carpark. I was in the taxi at the time of collision. As soon as the collision happened the driver stopped the car and started complaining to the driver of the other car. The driver of the other car reversed and got out of his car to inspect the damages. The taxi driver also got out of her car to inspect the damages and subsequently each driver started taking pictures of the damages. Since I knew it would take quite a while I decided to end my journey and paid the taxi driver. As I got out of the taxi I saw that the taxi driver was in the middle of the divider. She did ask me my opinion of whom is at fault and I told her that she is at fault. I told her had she not been in the middle of the divider and in her lane this would have never happened. After that I left.
