Hello Vic,

Thank you for your email. I don't understand the situation as I asked Cycle & Carriage to submit my claim against the motor bike rider for overtaking my car on the inside. So if you are acting for my insurer, it should be to claim for damages to my car.

All available information, including video from my car camera was submitted together with my claim.

I find it distressing that instead of pursuing the motor bike to pay for the damage he caused, you appear to be settling this matter as if it's established that the incident is my doing. I do not agree that is the case.

Thank you for getting in touch. I look forward to a speedy resolution to this matter.

Regards

Pursuant to the above said accident wherein you and/or your authorized driver had amongst other information given us your version of how the accident had occurred, we as the appointed agent of your insurers shall proceed to negotiate for an amicable settlement with third party claimant. Unless proven otherwise.
