Brief Details.

On 16/02/2019 at about 1520hrs, I was driving my vehicle (JND6815) along Upper paya lebar road. At the point of time, the traffic light was red. As such, I stationary my vehicle and wait for the traffic light. Suddenly I felt an impact and I realized that a vehicle (SKM8966L) had collided onto the rear of my vehicle. Both of us then drove to the side road, took photo of the damages and exchange contact details and left the scene. I would like to state that due to the accident, there is a dent and I could not open my car boot. That is all.
