Brief Details.

On 14/01/2013 at about 8:45am I was driving along the center lane of hill st when a grey color vehicle suddenly came from the right trying to cut to the left. The other car on my right had hit to my right front portion of the car. My driver and passenger door side was damaged with scratches and dents. Both vehicles moved to the side and both exchange particulars, the other driver agreed to go to her insurance company. I had a passenger with me and she informed that she was not injured. I went to the doctor and was given three days MC due to right shoulder and right leg pain.
