WITHOUT PREJUDICE

Dear Vic

Enclosed is the video footage and accident scene photos for your investigation.

Our taxi's was going straight with the green traffic light in our favour, your insured suddenly from the left and hit onto our taxi front portion.

Brief Details.

I am a relief taxi driver, driving a red Transcab bearing vehicle plate number SHC5720L.

On the 28/02/2019 at about 1910hrs, I was driving my vehicle (SHC5720L) along Orchard Link Bideford Rd. I had one female passenger. The passenger sat at the rear passenger seats. My vehicle (SHC5720L) was stationary at the extreme left lane as the traffic light was red. My vehicle (SHC5720L) was the first in the lane. When the traffic light was green, I proceeded straight however a black vehicle bearing vehicle plate number SKH7833U which was at Orchard Rd, travelled from my left (towards Bras Basah Rd). I applied emergency brakes for my vehicle (SHC5720L) however my (SHC5720L) front portion still collided with the vehicle's (SKH7833U) side. Vehicle (SKH7833U) was at the red light as well. Passer-bys then assisted me.

There was attendance by Traffic Police and Ambulance. My passenger and I were both conveyed to Tock Seng Hospital as I felt pain at my head and torso area. I was discharged on the 02/03/2019 and received MC for 28 days.

I do have an in car camera in my vehicle (SHC5720L) the witness in a vehicle in front of me has a camera that captured the accident. I was advised to lodge a Traffic Accident Report by the nurse at TSH and gave me the following details; E/20190228/0102, TP IO Feroz.

Thank You
Best Regards,
Ng Wai Yin
