To Whom So Ever It Concerns

GRAB BOOKING: ADR0666008-4-337

DRIVER: Clement

This Letter is regarding the accident that took place before we reached destination.

The driver was very steady and good with his driving throughout. At the signal to turn right, the bus on our left moved exceptionally close to our car because of the sharp turn it took. The bud continued to turn right sharply even when our driver had stopped the car to let him pass first.

Unfortunately the sharp cut the bus took was too close to the car to avoid the accident.

I am thankful to our driver for keeping calm and not aggravating the incident by trying to get ahead.

None of us were hurt because of that.

The number of the car is SLX 6202B a black Vezel as in the photo of accident taken by driver .

I sincerely hope you will check his prior driving records in this matter, as we felt very safe with his driving. I would not hesitate to book him again.

My contact details are as below if you need any clarifications.
