## SKETCH PLAN

## DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

On 30/1/19 1900hrs, I was driving the car along TPE towards Downtown East. My wife was the passenger.

The car DPF (Diesel Particulate Filter) Yellow light lit up indicating the DPF is full.

So I turn around to the TPE towards Tuas in order to clear the DPF light as usual procedure.

However upon reaching TPE to PIE exit 1, I noticed smoke coming out from the centre console. And I called the police at 1935 & 1942. So I quickly off the engine and told my wife & me to get off.

At 10m away, I saw a light spark below the exhaust and the car caught fire. Nobody was injured.

**Brief Details.**

On 30/1/19 at about 1900hrs, I was driving my car bearing the registration plate number, SLJ3671Z along TPE towards downtown east exit. My wife was also in the same vehicle as me. The Yellow DPF light triggered and I then made a U-turn towards TPE (Tuas) as I wanted to get rid of the DPF light. When travelling along TPE to PIE exit 1, the car started giving off smoke at the center console. I then quickly move to the road shoulder, off the engine and my wife and I then came out of the car. We then keep distance of about 10m away from the car and that was when I saw that the under carriage of the said car, there was some spark coming of the exhaust pipe area. It was about 1935hrs at that point of time and I called for police assistance. At about 1942hrs, I called again for police assistance and immediately after I hung up, I saw that the cabin area of the car had already caught fire. Both my wife and I are not injured. Police and fire engine came to scene. I am lodging this for record purposes and for my insurance side.
