Subject: Accident involving SFQ588K & FBG617K

Hi Khanchna,

As spoken, please see attached for the photos I have after the accident.

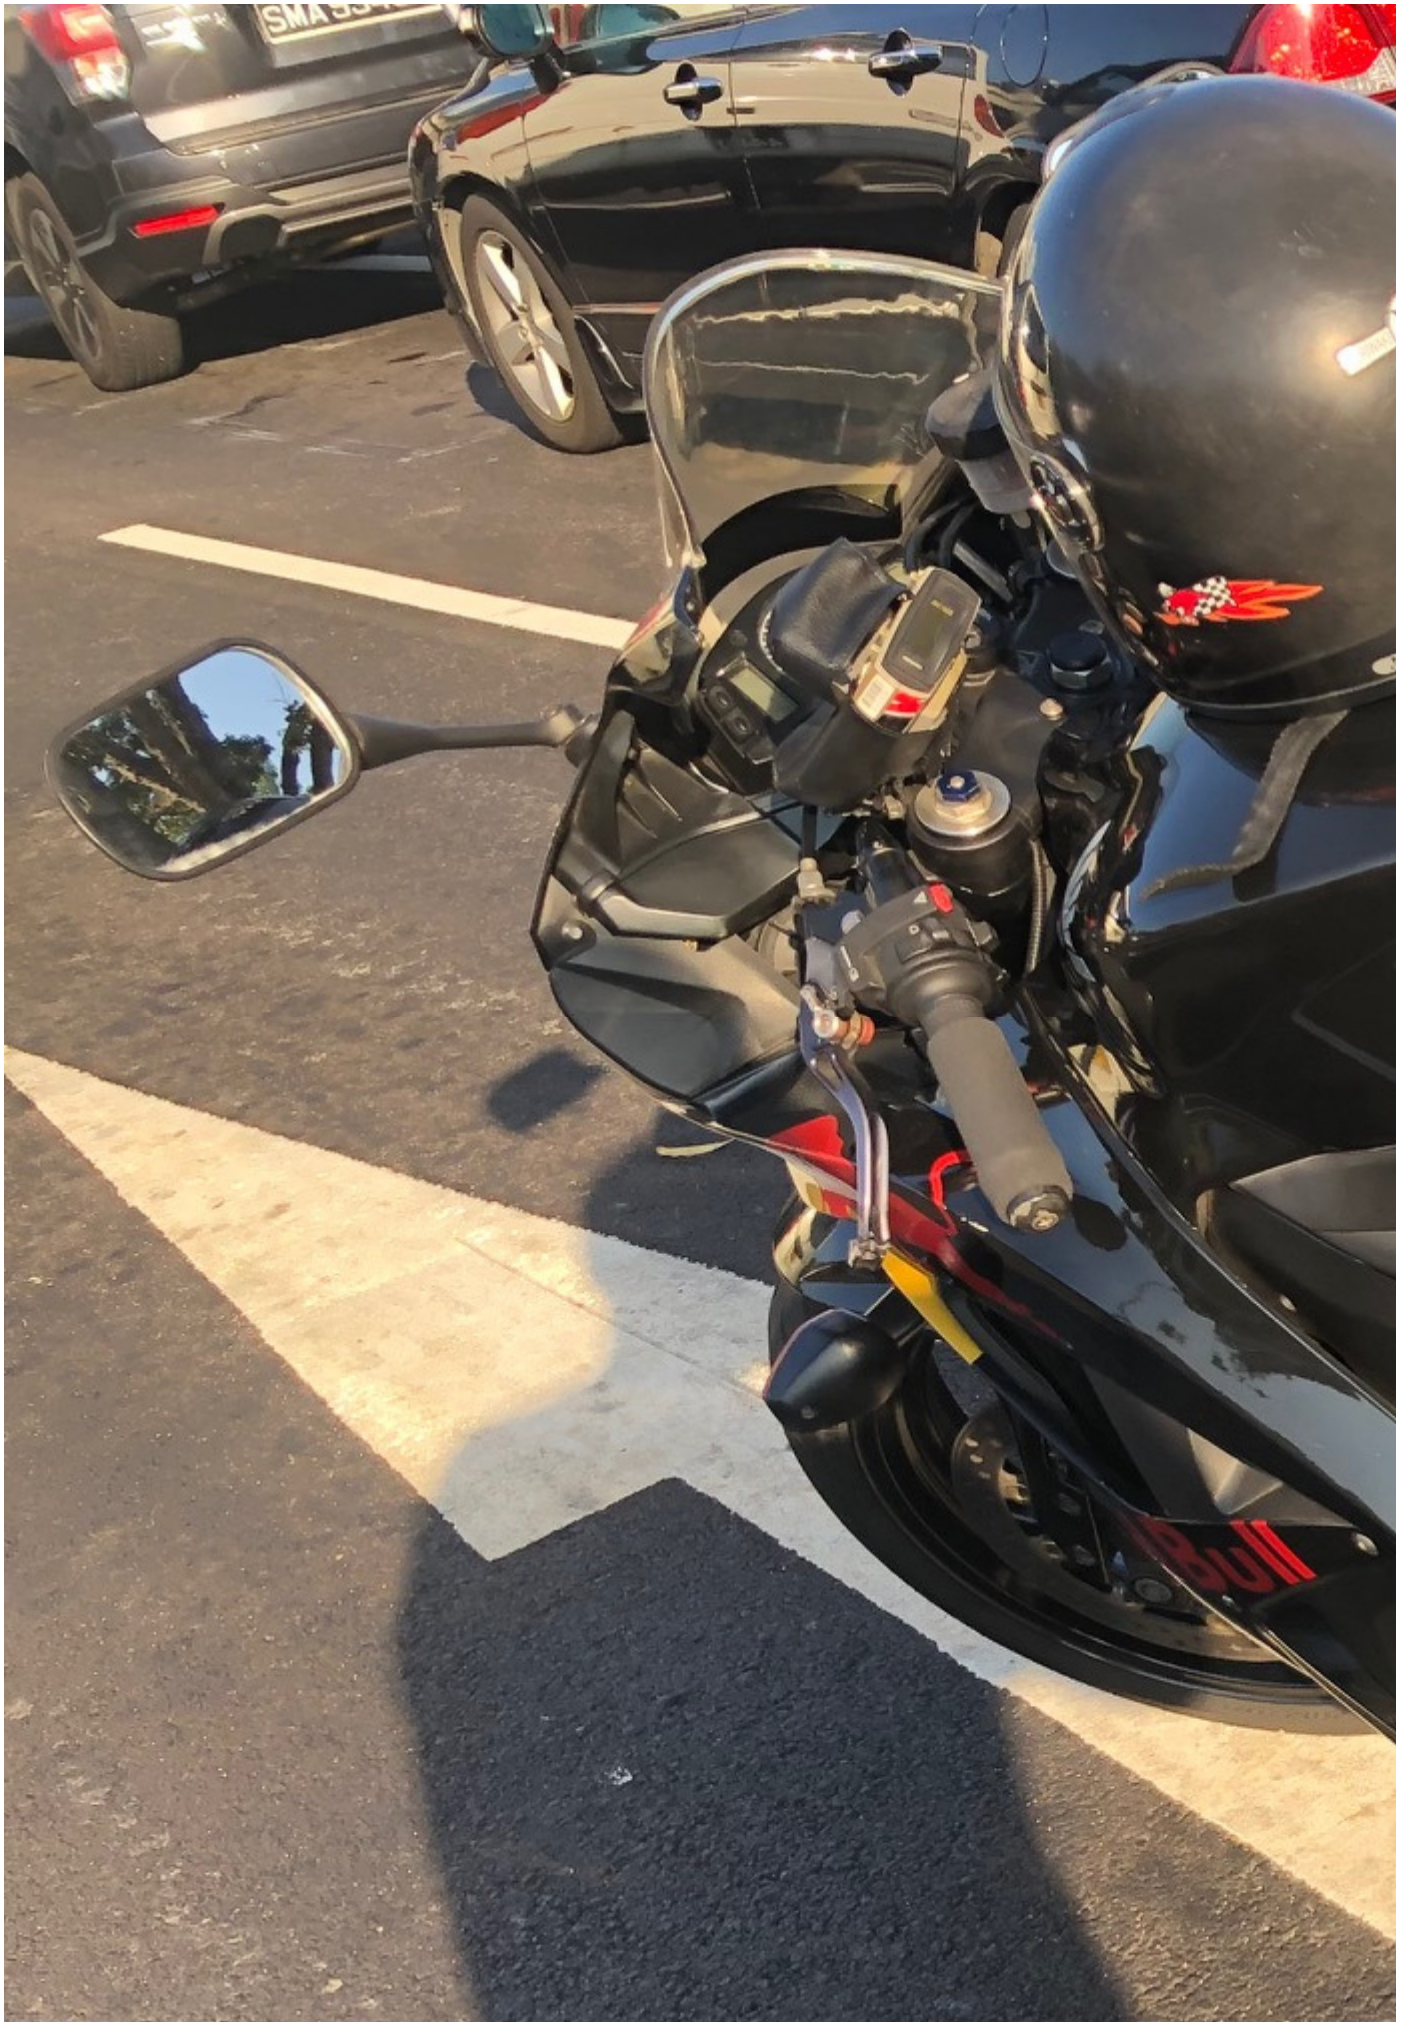

It's just a light knock on the motorbike rear tyre and it wasn't damage at all, just in case the workshop claims badly.

Also, I attached the conversation I have with the biker's Daughter on his condition Everyday, just for your action.

Regards,
Marcus Tan

My car only number plate drop off.

Hope these photos help.
