Brief Details:

On 13/01/2019 at around 1235hrs. I was driving my vehicle SLG14G along Central Expressway towards SLE/TPE. The weather was clear, the road was dry and the traffic was moderate.

There was a vehicle, SLL7887G in front of my vehicle. I was driving at the constant speed of 60-70km/hr. Out of sudden, the front vehicle stopped and I had pressed by emergency brake as it was too sudden. However, my vehicle had hit onto the front vehicle as I could not stop in time due to the sudden break by the front vehicle. Later on, I felt another impact coming from the rear.

Both of the impact were moderate, I sat inside my vehicle for a while as I was in a shock after the incident. The other party called for the ambulance and police as I was not feeling well. The ambulance came and I was then conveyed to TTSH. I did not ask what actually happened however I had noticed there was a roadwork at the front of the incident had happened.

I had suffered pain at the back of my neck when I was in hospital. I was discharge on the same day. On 14/01/2019, I felt pain on my head and chest however I had yet to see a doctor again. I was instructed to lodge a traffic accident report by the traffic investigation officer Maria, Tel: 6547 6455 vide to F/20190113/0111.

9 CONCLUSION

The revised or adjusted cost of repairs to restore the vehicle is

\$27,142.72

- (a) However, the recommended cost of repair based on lump sum repairs would be

\$24,500.00

- (b) The number of days taken for the repairs would be

Eighteen (18)

(1st Reinspection conducted on 17th January 2019)

(Post Repair Inspection conducted on 31st January 2019)

The above recommendations in my view are fair and reasonable for the restoration of the vehicle to its pre-accident condition.

Yours faithfully
