**Brief Details:**

On 10/03/2019 at about 1400hrs, I was riding my motorcycle AX9922S and my wife was the pillion rider. I was on the first lane along CTE towards the direction of SLE near Braddell Road. The traffic was heavy and slow moving and my speed was about 50km/h to 60km/h.

A car in front of my motorcycle, SLL4365R (Black Volkswagen Passat) suddenly jammed brake. I tried to avoid the car by emergency brake and swerving to the left. However, I was unable to avoid the collision. I collided into the rear left of the said car. The driver came out and was apologetic. He told me there was a white colour Volvo car (unknown registration number) in front of him which had jammed brake due to unknown reason.

There is a white car (unknown registration number) which was behind me. However my wife and I was not certain if the car had collided into the back of my motorcycle.
