## DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was driving on the expressway (left lane) when the vehicles in front of me suddenly slowed down a lot. As I had been considering to switch lanes before I had seen that there was some space to evade the car in front so I started moving to the next lane. However when I checked again, the bus was approaching fastly, so I went back but since I was also breaking hard, I did not make it back to my lane completely. Also I tried to avoid hitting the car in front directly to avoid injuries. In the end I barely touched the car in front (SSN 4316X), resulting in minor damages, but the bus was not able to break in time or move to the right to avoid hitting my car. (bus reg. no.: PC 4573G)
