Subject: RE: ACCIDENT INVOLVING GBH5554U AND SLQ8452U ON 12/04/2019 (YOUR DRIVER: SANDY LIM CHOON YONG)

Dear Ms. Wendy,

The above matter and our telephone conversation a moment ago refers.

As requested, the Third party (**SLQ8452U**) driver's accident statement and sketch plan as per his police report is below:

Brief Details.

On 12/04/2019 at about 5.50pm while I was driving along Lornie Road at exit 20B(to merge into PIE towards Changi), the car in driving in front of me - SKN1815E - had signaled to the left. Thereafter, he jammed onto his brakes and swerved to the right. I believe that he might have realized that he was entering the wrong exit. Due to his sudden braking, I stepped on my brakes to avoid collision. The van behind me - GBH5554U - did not manage to stop in time. As a result, he collided with the rear of my car. Due to the collision, there were scratches near to the bumper area and a portion that is attached to my bumper was dislodged. I managed to exchange NRIC details with the van driver however I did not manage to get his contact number.

At that material time, my wife was in the front passenger seat and my 2 children were seated at the back. All 4 of us are not in any immediate need of medical attention. Nonetheless, we will monitor each other and proceed to seek medical assistance if necessary.

I am lodging this report to notify police of the accident and also for insurance claims.
