Dear Sirs/Madam,

We have received the video footage from third party and after viewing the video, we are of the opinion that third party should be blamed for the accident:

1. Insured's bus is within its lane prior to turning right.

2. Insured's bus is in front of third party even in the course of turning. Third party knowing that the turning point is quite narrow, he should not accelerate and keep abreast with bus.

As such, we would like to reject third party claim.

Kindly let us have your approval/instruction.

Wishing you a Happy and Prosperous Lunar New Year
