**Brief Details.**

On 19/04/2019 at bout 1330hrs, I was driving my Company Bus bearing PC7926C at the Changi Airport Terminal 2 Coach Bay carpark. I saw a bus wanted to reverse out in front of me, as such I reverse as well so that the bus could move out. Subsequently while I was reversing slowly, I saw through my left side mirror that It seems that I might have accidentally knock onto another bus behind me. The Bus behind me was bearing PC739Y and he was also coming out from the coach bay lot as well while I was doing reversing. I came out of my vehicle to take a look and realize that the rear bus's right side last window was shattered and the body had dented in. The driver said that my vehicle left rear portion had hit onto his right side rear portion. However there was totally no damages onto my Bus at all. Subsequently we took pictures and the driver said that he will claimed through insurance. I wish to state that I did notify my company about the matter. I wish to state that I did not felt any impact at all before the collision and I do not have any camera inside my bus to view of the accident. No one was injured at that point of time. I am lodging this report for record purpose for my company filing. That is all.
