Brief Details.

On 247/04/2019 at about 11:40pm, I was traveling along Airport Boulevard heading towards PIE expressway on lane number 4. I had one passenger with me at that moment. I was changing lanes from lane 4 to lane 3. There was a vehicle in front of me (SLV496U) on lane 3 when I was making the lane change. I successfully changed my lane when I suddenly saw the vehicle in front of me had its brake lights on. I applied my brakes but suddenly the vehicle jammed its brakes and stopped suddenly. I was unable to brake in time and knocked into the vehicle in front of me, front bumper to the rear bumper.

I then alighted from my car to check for damages of my vehicle. I then realized that it was a chain collision that involved 4 other vehicles in front of mine. I checked with my passenger and both of us did not require any medical attention at that moment. I saw that the front bumper of my car received a small dent on it, the other vehicles in front also received damages. Vehicle SHA3097B was the first vehicle of the collision, I was unable to get the license plate number of the second vehicle but it is a black Mazda 3, the third is SKZ8120S, fourth is SLV496U and lastly my own vehicle SKV386R.

Soon after a while, traffic police arrived and so did two ambulances. I did not see if anyone was being conveyed by the ambulance. The traffic police interviewed me and I gave him my particulars. He also requested for me to provide him with my vehicle on-board camera's SD card. He then subsequently advised me to lodge a accident report with regards to this at any police station. I then proceeded off with my vehicle.
