Brief details.

On 20/04/2019 between 1100hrs and 1200hrs, I was driving my container lorry XB2707B (white coloured RENAULT) out of a construction site located opposite Blk 1034 Eunos Avenue 5 (Eunos Industrial Estate) when I was accused of accidentally hit the right-hand side of an unknown gate at the said construction site. I recall seeing 5 to 6 construction workers working at the said gate which I was exiting. There is a total of 3 gates at the said construction site, I do not know which gate was I exiting from. I

completed a right turn into Eunos Avenue 5 and was unaware if my said lorry had indeed hit onto the right-hand side of the said gate or not. However after exiting, I recall seeing 5 to 6 ^{one worker} workers chasing after my lorry and asked me to stop. When I stop my lorry and ^{one} one of the chasing workers knocked onto my driver's door and said something to me which I did not understand but when he made a hand gesture to inform me that I had hit onto something then I understood that something happened while I was exiting from the said site. The road along Eunos Avenue 5 is a one-way traffic, as such I went to park my lorry properly before returning to the said site to find out what was going on. When I returned to the said site, and again 2 to 3 workers gestured to me stating that I had hit the main gate earlier and someone got injured as a result. But I did not see the injured person at the scene. But I do recall seeing the gate signage lying on the ground facing downwards. I think the said signage was about 2 metres long and it is about A3 paper-size wide. I think the said signage material is those cheap aluminum. I do not recall seeing any blood scene or anything serious at the scene. I was asked to produce both my NRIC and driving license to a dark skinned complexion worker who was wearing a white safety helmet. I do not know the said person did what with my NRIC and driving license but I saw him walking away and subsequently returned after about 10 minutes or so to return my NRIC and driving license. He then asked me to leave the place. I did not know what is going to happen after that. I alerted my boss about the said incident and he told me there was no need to lodge any Police report and to just let the other party claim my vehicle insurance.

There was no Police and no ambulance at the scene throughout my time at the said location.
