B-pick up truck

DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was driving out of my parking lot. There was a pick-up truck with a driver inside that was waiting with hazard light on in front of the cars that were parked to my left side. The space I had to drive out of the lot between the truck and the parking lot on the other side was quite narrow but I thought I could just about squeeze through. But when I tried to drive out, I side swiped the truck damaging to my left side mirror and scratching the side of my car. I then exited the vehicle to take a look at the damage and so did the other driver. I then told him I will reverse into my parking lot before we exchange details so as not to obstruct the traffic behind me. But once I reversed into the parking lot and exited the vehicle, the truck had already left without exchanging any details and I was unable to take note of the license number.
