Hi Bevan

Ref: CC6/EQI15002608/T1ne3

I have given the evidence to EQ Insurance regarding this case.
I'm not sure if you were given the photos and the scenario.

I will not accept the 3rd party claim and neither will I allow this to affect my NCD.
you should be able to check that I cannot have the NCD protector bcos mine is less than 50%.

attached are the photos of the accident. The cab driver should have the camera which should capture that
he zoomed past by car from the right side within the same lane.

Pls negotiate on this on behalf.

Thanks
