Hi Bevan

Ref: CC6/EQJ15002608/T1ne3

I have given the evidence to EQ Insurance regarding this case.
I'm not sure if you were given the photos and the scenario.

I will not accept the 3rd party claim and neither will I allow this to affect my NCD.
you should be able to check that I cannot have the NCD protector bcos mine is less than 50%.

attached are the photos of the accident. The cab driver should have the camera which should capture that he zoomed past by car from the right side within the same lane.

Pls negotiate on this on behalf.

Thanks

Dear Bel,

Refer to the above matter and below email.

Kindly be informed that this is a conflicting version and there is no conclusive evidence from either parties. In view of this, liability is to be 50/50 and offer was made to TP accordingly.

We made several reminders and follow-ups through call to third-party repairer since 22 October 2015 to confirm settlement however, they did not revert back though we tried to have an amicable settlement.

Now, almost 6 months had passed and there is still no further action initiated by third-party repairer for their claim.

In view of non-development from the third-party, we will proceed to temporarily close this one (1) year outstanding claim file and submit our wp report to your good-office.

In future, if there are any new developments from the claimant, we will inform you for our further handling. Thank you.
