Dear Ms. Saliha,

Based on Insured's GIA and police report, he said that there is no collision.

We have already spoken to Insured and informed him that the traffic police outcome is not in his favour and insurance will handle and settle but he said that he cannot remember the accident as it happened in 2018 and he is old (83 yrs old).

Based on documents at hand, there is no accident video but traffic police had taken action against our Insured under Rule 29 for careless driving. Third party had also reported that there is an independent witness in his police report. We tried calling the witness number several times but the calls did not go through.

We are of the opinion that it is not a good case to defend since the traffic police outcome is against our Insured.

Kindly let us have your comments/instructions if we may settle at best.

Thank you.

Best Regards,
