Sketch Plan Pg. 3

On 16.05.19 around 03.19pm I was driving XD 4496 X along Clementi road towards AYE. I was following behind a car, SLY 4685 P along the road whereby when I was looking right Slowing down to have a clear view on AYE road traffic flow, I suddenly saw the said front car Had stopped at the junction that I quickly jammed brake but it still skidded due to road wet to light touch onto SLY 4685 P right rear side only causing light cover cracked and a dent below rear light. Here to say that as I came down to check SLY 4685 P damages I found that this car had already have Other mini minor damages on its rear portion which was not caused by my hitting on that day. I have taken photos to confirm it.

There was no passenger in SLY 4685 P car.

No body injured
