CONTINUATION OF REPORT

Brief Details.

On 7/5/2019, at about 7.25am, I was riding along Tampines Ave 9, from the direction of Tampines Ave 2 on my motorcycle (FBJ17B). At the time, I was riding with my son as a pillion, and I was about to make a right turn into Tampines North Primary School.

I had checked that the opposing traffic was stagnant, before attempting the turn. While turning in the yellow box in front of the carpark entrance, a car (SJR1243X) driven by Mr Abu Bakar (S8038504H, 425 Yishun Ave 11 #11-574) had started to move off from the 2nd lane and collided with my motorcycle on the left side. The speed of the collision was quite slow.

After the collision, the motorcycle fell on the right side, while my son and I fell on our left side. I am unsure who had called, however traffic police and ambulance had attended to us.

Due to the collision, I suffered some abrasions to my left inner elbow, and the left side of my body. My son did not sustain any injuries, however was in a state of shock. I then went to Changi General Hospital on my own, and still awaiting the medical results. My son had been conveyed by the ambulance to KKH.
