#### Brief Details.

On 17/05/2019 at about 9:45pm, I was driving in my vehicle bearing the registration number, SJW2014H with a passenger. I was driving along PIE towards Changi, on the extreme right lane.

Suddenly, the vehicle ahead of mine had applied its brakes and I also applied mine to try avoid a collision however to no avail. Subsequently, I felt an impact from the rear of my vehicle.

I then came out of my vehicle and saw that I was involved in a chain collision involving 4 other vehicles. There was another separate accident involving a motorcycle on the left of the lane that I was travelling on.

The first vehicle is SMA3934B. Second vehicle is SGG9757X. Third vehicle is SKR8012M. Fourth vehicle was mine. Last vehicle is SBW5255D.

I then took photos of the accident at scene and exchanged particulars. Someone then call traffic police for assistance which came shortly along with ambulance. As I felt pain around my back of my neck area and my chest, I was then conveyed to Changi General Hospital by ambulance. I was given 3 days medical leave.

My passenger was not injured during the accident however she may seek medical attention later.

My vehicle then was towed away. I do not have any in-vehicle camera installed.
