Dear Irene,

We refer further to the below email.

Please be informed that Insured had provided a copy of his video footage. Please refer to the attached copy.

Based on the Insured's video footage, we observed that Insured vehicle was travelling along the leftmost lane to make a left turn at the junction when TP taxi on his right, made a left turn too early and collided to the Insured's vehicle front right portion.

Below are the screenshots of the footage for your reference.

As such, we are of the view that Insured vehicle was within its lane when making the turn. TP taxi should have followed the turning path of the front vehicle and not turned too early at the junction.

In view of the above, we intend to reject the TP claim.

For your approval and/or further instruction please.

Thank you.

Best Regards,
