Brief details.

On the 19 April 2019, I was riding along river valley road towards Clemencue Road. I was heading back home at 1735hrs. The road condition is abit wet due to rain just stopped. As i was picking up on the road, i saw a mercedez car by the plate of SKQ9271E was queing behind a car turning to the right. I was going straight on the left lane when i reached his front passenger door, the car suddenly cut into my lane without any signal or checking of blind spot. His left front bumper hit my right leg hence i swerved to the left and flung from my bike.
