**Brief Details.**

On 3/6/2019 at about 1530hrs, I was driving my taxi bearing registration number - SHC3278K, along Pasir Drive 4 towards the direction of the junction between Pasir Ris Drive 4 and Pasir Ris Drive 1. While driving along Pasir Ris Drive 4 on the center lane and approaching the junction between Pasir Ris Drive 4 and the small lane next to the Esparis Condominium, a car bearing registration number - SLM6046T, suddenly drove out from the small lane and into my lane along Pasir Ris Drive 4. The collision had caused my taxi to swerve to the left and collided onto the left side railings and lamp post along Pasir Ris Drive 4.

I immediately exited my car and saw that there were damages to the front right of my taxi and my left front tire was punctured. There were as well damages on the front left of the car, the front left plate of the car had detached. The railings was broken and there was a slight dent on the lamp post. We were attended by the police officers from Pasir Ris NPC. The SD card on my front facing in car camera was handed over to the police and I was issued a Acknowledgement form and was advised to lodge an accident report regarding the incident. There was an case number for the accident - G/20190603/0118. I had exchanged contact number with the driver. I had contacted my Tow truck company and my taxi was towed at about 1630hrs. Both of us informed the police that we were not injured and no ambulance was called to the scene.

I wish to add that I have an in car front facing camera in my taxi however I do not know if there are any cameras around the area or in the other driver's car. I am now lodging this report under the advise from the police and for insurance claiming purposes.
