Brief Details.

On 5/6/2019 at about 12:26 pm, I was driving my car (red Renault, registration no: SLQ6168D) along PIE towards Tuas, and took Exit 27 as I intended to head straight towards Toh Tuck Ave. Up ahead, there is a fork in the road where drivers can either take the exit into Clementi Ave 6 or Toh Tuck Avenue. The traffic leading into Clementi Ave 6 is quite heavy, and there is a long queue. However, there is no traffic leading to Toh Tuck Avenue and thus I was travelling about 50 km to my destination. As I was driving, there is a Malaysian car (silver Toyota Vios, registration no: JLW1126), in front of my car.

At the last moment in the road which branches out to two different exits, the driver of the Malaysian car suddenly turned into Clementi Avenue 6. As it was so sudden, I had to jam-brake my car in order not to collide into the Malaysian car. I also had to stop my car for a short while, as my car could not go through in order to proceed to Toh Tuck Avenue. I then honked to the driver, however he just ignored me. From the rearview mirror of my car, I then noticed that from far away, a Malaysian motorbike (black-and-white Yamaha, registration no: JNV5216) speeding towards my car.

I proceeded to honk my car and also turned on the signal lights of my car in order to alert the Malaysian motorbike to my presence. However, the rider of the motorbike did not appear to slow down, and subsequently the motorbike collided into the rear of my car. Fortunately, I was not injured.

Thereafter, I alighted from my car and assisted the rider of the motorbike. He also had a pillion with him. Both parties informed me that they are not injured, however the rider said that he felt pain on one of his shoulders. When I enquired, the rider claimed that he is rushing to work and told me why I suddenly stopped my car. However, I wish to state that the motorbike was quite far away when my car was already stationary. He also claimed that his motorbike did not collide with my car. However, I wish to state that

this is untrue and there was collision earlier. I told him that the collision had caused damages to my car's bumper. The whole bumper came off and there are scratches at the rear.

We exchanged particulars, and the rider even offered to meet tomorrow in order to settle the damages. However, I decided to lodge a police report instead. I wish to state that the pillion was not very cooperative during the accident.
