Report No. T/20190604/2140

CONTINUATION OF REPORT

Brief Details.

On 03/06/2019 at around 1810hrs, after dropping off 1 passenger at Woodland Checkpoint Drop off point, 01 blue in colour taxi under 'Comfort Delgro' bearing registration number SHD6829X had reversed and collided on the right side of my vehicle (SJM506X). We had alighted and exchange particulars. The driver is, one, Chua Joong Khuan, S6844523Z residing at Blk 409 Yishun Ring Road #11-1795 Singapore 760409.

I observed that the driver had also hit onto another vehicle in front of his, however I was unsure how it happened. After exchanging particulars, I took a few photos of the accident and drove off. At that juncture I did not felt any pain, however on the next day morning, I felt pain on my rear neck and rear shoulder blade and I also felt nausea. As such, I went to 'OneCare Clinic Yishun' and I was given 3 days MC.

I wish to state that my vehicle sustained dent and scratches on the right side. I have yet to send the vehicle to the workshop as such I am unsure on the value of the damages. I had rented the vehicle from 'ST Rent and Drive Pte Ltd'.
