Hi Bryan,

I like to check how long will the process take? The inspection required is for the purpose of court proceedings, hence I would need the results by 14/06/2019, once its approved by Finance.

2. Thanks.

Dear IO Daryl

The work flow for such e-scooter cases, is that the e-scooter will be brought to an external shop located in Ang Mo Kio, where testing of the battery of the e-scooter will be done to check on its max power (in other words top speed); check for any modification like additional battery; checks on the operational behaviour of the brake system. A written report of my observations and findings will be put up thereafter.

For e-scooter inspections, our fees will be \$450/- (excluding GST).

Hi Mr Bryan,

May I check if your workshop will be able to do a mechanical inspection (brake) for the E-scooter?

Hi Sir / Mdm,

I like to check if your company does mechanical inspection (brake) for E-scooter? If yes, I would like to get a quote from your company the said inspection.

2. Your speedy reply is greatly appreciated.
