Dear Bennie,

Apologised for late response.

For this accident claim(DOA: 06/06/2019), the damages to third party vehicle were on right rear door, rear right rim, tyre and undercarriage. Kindly refer to the accident scene photos uploaded in Merimen. It shows that third party vehicle rear right tyre was punctured which is suggested that the damages is consistent to the accident.

For accident happened on 5/6/2019, the damages to third party vehicle were on right front door instead.

We have re-seek mandate in Merimen.

Kindly let us have your instruction after reviewing the matter. Thanks.

Note: We are on work from home arrangement. All correspondence should be made via email. Submission of claim related documents will be in softcopy. Any inconvenience caused is much regretted.

Subject: [EXTERNAL] Seeking advice on liability - AIG REF: TP / 7474287123SG - Accident between SJR 195H & SLB 3941L [AIG] on 06/06/2019

This message is from an external sender; be cautious with links and attachments.

Dear Mr. Bennie,

We refer to the above matter.

The accident versions are conflicting. Both parties alleged that the other party had changed lanes into their lane and collided into their vehicle.

Our Insured maintains the accident version as per his GIA, agreed to let Insurance to handle and settle the matter at best and also aware of NCD issues.

There are no video or scene photos from both parties except for an independent witness statement from third party.

The independent witness confirmed to us that:-

- He saw our Insured had changed lanes and collided into third party vehicle as per his statement.
- He does not have any relationship whatsoever with both parties.
- He may not be able to attend court or provide statutory declaration if the Insurance company were to request the same because of health reasons.

The third party repairer wants 100% liability against our Insured due to the witness statement and wants liability clearance.

Please advice.

Thank you.

"Best Wishes for Merry Christmas & Happy New Year 2020"
