Brief Details.

On 30/05/2019 about 2010hrs, I was driving along PIE towards Changi Airport. I was driving along lane one and was heading to Bedok North Street 3 from Ikea Alexandra outlet. After I drove past Kallang Way exit, there is trailer travelling on the extreme left lane. One of its tyre came out and hit one of the car SME6337J and then hit onto my vehicle. The trailer driver did not notice until the said car driver stopped him and informed him about the matter. We then exchanged particulars after that. Nobody injury and no Police was called. My vehicle belongs to my Grab company and I was informed to lodge a Traffic Accident Police report. My vehicle rear side passenger door dented and the door lock faulty and unable to open. There is in-car front camera installed in my vehicle however it didn't capture the whole incident. There were two Malay passengers inside my car. One was seated beside me and another sitting behind me. None of them injured and they witnessed the whole incident and willing to be my witnesses.
