Brief Details

Video footage from my car camera has been passed via SD card to traffic police on scene.
Accident happened just before Marine Vista exit on ECP towards Changi Airport.

I was driving on lane 1 of the ECP well within the speed limit of 90km/h when i noticed brake lights coming on from the car in-front at a distance, prompting me to start reducing my speed and slowing down.

All of a sudden I noticed the car in-front was starting to jam his brakes abruptly and I followed suit, although I was unable to come to a complete stop and had impact on my front bumper upon the rear bumper of the vehicle (SJJ7931X) in-front of me. This happened around 918pm on 21 Jun 2019.

Me and my passenger were able to get out of the car to observe the collision in front of us and realised that there were 3 other cars who had stopped on the expressway, which explains why the car in-front of my had to also jam his brakes.

I subsequently contacted my insurance provider NTUC who came down to assist, and gave the necessary statements to them and the Traffic Police personnel who later arrived on-scene.
