Circumstances of Accident

I was riding my bike along CTE Towards TPE tunnel. There was an accident that had already occurred at the end of the tunnel and police had closed the first lane with cones. I was riding on the lines in between the lanes because traffic had slowed down on the second lane. I was aware of the accident in front as I saw the reflection of the EMAS tow truck light on the walls of the tunnel. A red car in front of me, in the first lane suddenly jammed his brakes and I was afraid he may swerve out of the lane to avoid the obstacles in front so I braked too. Because it was raining.
