Pauline, I have received this letter from the lawyer representing Mr Toh Kong Heng of vehicle SHD332B.

Only 2 pages in the letter.

In page 2 of the letter, it stated that a copy of documents were attached, including medical report, medical tax invoice, medical cert, police report, LTA search, mileage record, copies of accident scene photos. But I did NOT see any of the documents at all. ONLY THE 2 PAGES ATTACHED HERE.

Please advise what I should do the next step.

Dear Pauline,

Per conversation, please see attached photos.

Photo 1:

Damage to my vehicle is on the right side, front wheel. Note that my front bumper is intact, proving that I DID NOT crash into the taxi. Instead, it was the taxi that went fast and crashed into my car (he hit me).

Photo 2:

My rightside front wheel damaged as the taxi hit into me car.

Photo 3:

Photo of the damage to the taxi. Note that his front bumper was damaged, proving the fact that he crashed into me.

Photo 4:

I moved my car to the side as I could not get out of the car. But you can see that this is a two-way road, with ONE lane on each side.

Photo 5:

The building opposite, where I wanted to turn into.

Photo 6:

Another photo of the collision. The taxi was going at a high speed.
