Brief Details.

On 27/06/2019 at about 0000hrs, I was riding a motorcycle bearing registration number FV649S exiting KJE towards woodlands road. While I was exiting the expressway, I was riding on the right lane of the road and there was a BMW vehicle in front of me bearing registration number SGG3399K driving on the same lane. The BMW had a left signal on hence I decided to overtake him on the right. Further ahead I saw that there was a traffic light, and there was a taxi which was stationary on the left lane of the road waiting for the traffic light to turn green. After I overtake the BMW, I slowed down and came to a stop as the traffic light was still red. While I stopped, I noticed that the car had already stopped behind me. About 1 to 2 minutes later, I noticed that the light was getting brighter hence I made a check at my blind spot. That was when I realized the vehicle was moving and as I do not have enough time to react, the car knocked me and my motorcycle down. The car then came to a stop. I then seek assistance from the taxi driver who was at the left lane, and the taxi driver assisted me to call for the police. I then push my bike to the right side of the road to prevent further accidents. That was when suddenly I noticed the car move straight again and hit the curb of the road along Woodlands Road.

Traffic Police and ambulance was at scene. Traffic police then informed me that the driver was drink driving and advised me to lodge a police report and to see a doctor as soon as possible. Traffic Police gave me a card to state that the incident number I was involved was J/20190627/0002. No body was conveyed by the ambulance. Subsequently I went to Ng Teng Fong General Hospital and was given 3days MC.
