Dear Ming Yao,

Our insured drove in from main road. From his video, it seemed that he did not stop after clearing the barrier when approaching the junction and hit onto third party vehicle.

Third party drove along driveway within the building, failed to follow the right lane but against traffic flow to avoid the "hump".

Third party should slow down speed, stop at the junction as his view is blocked by the wall but instead, he chose to drive against the flow and causing the collision. Third party failed to follow the right of way and causing the accident thus, we would like to reject third party claim. Insured video footage uploaded in Merimen.

Please let us have your approval/instruction.

Thank you.
