Brief Details

I was riding my black BMW motorcycle along Airport boulevard towards T2 2A carpark. When I was in the slower lane, there was cars approaching. As such, I stop to give way to the right off way vehicles. Suddenly a Silver car bearing registration number SGX6347B came and hit the rear of my motorcycle. I fell and hurt my left foot. Awhile later, the ambulance came and conveyed me to CGH. I was discharged on the same day and was issued with 7 days MC from 2/7/19 till 8/7/19.

I wish to state that I got a camera on my motorcycle and believe that it managed to capture the whole incident. I wish to also state that I did not exchange particular with the driver.
