Brief Details.

On 09/07/2019 at about 0930hrs, I was riding straight on the one lane road of Ubi Avenue 1. I was riding more to the left side since it is a wide one lane road.

While I was travelling straight just before the junction of Ubi Ave 1 and Ubi Cres, suddenly a white colour Hyundai car with a registration plate no. SMC6825C from my right, cut into my lane as further down the road (divides into two lanes, left lane going straight, right lane turning right), there are vehicles piling up waiting to turn right.

The car's front left bumper hit onto my right side, causing me to fall on the right. Ambulance then came down. I was conveyed to Changi General Hospital and was given 3 days MC due to right shoulder pain and abrasion on the right of abdomen and left thigh.

I was then informed by my son that Traffic Police came down to scene subsequently and my motorcycle was tow away by TP. My son also informed that someone came forward and informed that he witnessed the accident. His name is Shachi, Hp: 93222439.
