Dear Jia Le,

Noted that Traffic Police initiated action against OID for Inconsiderate Driving. From OI's video, OI was filtering slowly to the right and due to heavy traffic, could not complete the lane change. We agree with your assessment that TPV was far behind and could take precaution by slowing down. It is not sure why TP failed to slow down in view of the heavy traffic ahead.

Please assist to get the final PIR from OI. Did OI pay composition for the offence?

In the meantime, you may proceed to reject PD claim.

Thank you.

Best regards,
Loh Chee Heng

Dear Chee Heng,

We have received the video footage from our insured and uploaded in Merimen.

Based on the video, our insured have slowed down and merge to the right lane while Third Party motorbike was still very far behind. Instead, Third Party motorbike speed was quite fast and did not show any sign of slowing down at that time.

We also received the email from workshop which is act for our insured for his counterclaim against Third Party and informed that the liability is in our insured favour. Thus, We would like to reject the Third Party claim. However, we received the Police Investigation Result against our insured from Third Party.

Please let us have your instruction.

Thank you.
